Guide Lines for showing and purchasing the DVD 'I.AM'

Thank you for purchasing the 'I.AM' Film. We have tried to keep closely to the vision/revelation given by God. May God bless you and all those people where the I.AM film is being shown.

It is not envisaged the film should be shown for personal use in the home.

The film was made to reach people who would not normally attend church and therefore works well in places out in the community.

Churches where a 'Café' style church is established or where those churches reach out into the wider community, would lend itself to this.

Having tested the layout for the film, we advise that chairs should be set out in theatre style, without tables. This enables people to have their own space to view the film without the need to talk or be disrupted.

Drinks, both hot and cold, work best if they are offered before the film to enable people to relax. Administering refreshments during the showing of the film leads to disruption.

After viewing, it is not appropriate to try to get people to comment or discuss what they have seen. The point of the film is to allow people to reflect and ponder allowing The Lords Spirit to come through without mans' intervention.

CD's of the music can be available for donations. DVD's and USB's are available via the web site or by emailing am.i@btinternet.com.

Please record numbers viewing and send to am.i@btinternet.com. This is purely to confirm and publicise how many people have actually viewed the film.

Referring back to the vision, there should be no pressure to evangelise, just to pray. The legacy of the film rests with The Lord. He has promised His word will not return to Him void
